ABSTRACT

This summary report of the National Assessment of Educational Progress (NAEP) 1996 State Assessment Program in Science and Mathematics provides comparisons of average mathematics scale scores for Grades 4 and Grade 8 in public schools and comparisons of average science scale scores for Grade 8 in participating jurisdictions. Data is presented in a chart format to enable easy comparisons. (DDR)

Comparisons of Average Science Scale Scores for Grade 8 Public Schools in Participating Jurisdictions

Instructions: Read down the column directly under a jurisdiction name listed in the heading at the top of the chart. Match the shading intensity surrounding a jurisdiction's abbreviation to the key below to determine whether the average science scale score of this jurisdiction is higher than, the same as, or lower than the jurisdiction in the column heading.
